1. The 19th Vila de la Sénia International Wind Band Competition will take place on 10 and 11 April 2027 at the Casa de la Cultura in La Sénia.

2. Non-professional wind bands from Spain and worldwide may participate. Bands belonging to conservatories or professional music schools are not eligible.

3. Bands must consist mainly of woodwind, brass and percussion instruments, with between 51 and 100 musicians. Across the entire ensemble, no more than 7 string instruments are permitted. The jury will assess the balance between the proposed repertoire and the band's instrumentation.

4. The Competition will begin with a compulsory street parade before the concert. The parade is not part of the competition.

5. The Competition will have a single section, with a minimum of three and a maximum of six participating bands. Performances will take place over the weekend, with no more than three bands performing each day. If four bands participate, two will perform on Saturday and two on Sunday; if five participate, three will perform on one day and two on the other; and if six participate, three will perform each day. The order and day of performance will be determined by a public draw in accordance with Rule 18.

6. Arrangements for the Competition:

- The Organising Committee will propose a list of compulsory works, from which each band may freely select one. On this basis, each band must prepare a programme lasting no more than 45 minutes, including breaks between pieces. Exceeding this limit will result in a penalty imposed by the jury.

7. The Selection Committee may reject any proposed programme that it considers unsuitable for the required standard.

8. Upon registration, bands must submit a written concert proposal stating the repertoire and approximate duration.

9. A deposit of €500 is required upon registration and will be refunded after the Competition has ended. The deposit must be paid into the following BBVA bank account: ES35-0182-1745-83-0201752141.

For transfers from abroad:

The transfer reference must include the band's name and the text "Inscripció al XIX Certamen".

10. Registration will open on 19 October 2026 and close on 31 December 2026 at 12:00 noon. Selected bands will receive notification of their participation before 22 January 2027. The Organising Committee reserves the right to extend the registration period.

11. Applications must be submitted through the FORM on the Competition website and confirmed by email to info@certamen.cat.

12. At registration, bands must submit a complete roster of the band's musicians, which may include up to 6 musicians from outside the band. The final roster of musicians taking part in the Competition will be drawn up from this initial list, in accordance with Rule 20. Rosters must list each musician's first name, surname, instrument and Spanish national identity document (DNI), passport or equivalent official identity document from their country of origin, in alphabetical order. Any musicians from outside the band must be listed at the end.

13. From all applications received, the Organising Committee, through a Selection Committee, will select a maximum of 6 participating bands. If a band selected to participate subsequently fails to take part without a justified reason, as determined by the Organising Committee, it will forfeit the right to recover the €500 deposit and will be ineligible to participate in this Competition for three years. Withdrawal must be communicated in writing to the Organising Committee by email to info@certamen.cat. The Organising Committee will assess whether the reasons given adequately justify the withdrawal. Bands not selected among the first six will be placed on the reserve list.

14. The Competition will take place at the Casa de la Cultura in la Sénia. Bands will perform on the following dates:

- Saturday, 10 April 2027: up to 3 bands (competition).
- Sunday, 11 April 2027: up to 3 bands (competition).

15. The Competition will begin at 5:00 p.m. with the first band's performance. Each band will have a maximum performance time of 45 minutes, including breaks between pieces. Failure to comply with the allotted time will result in a penalty.

17. Each participating band must bring all instruments required to perform both the compulsory and freely chosen works. The Organising Committee will provide participating bands with a grand piano and tubular bells.

18. The order and day of performance will be determined by a public draw held before 22 January 2027, after the participating bands have been selected. On the day following the draw, the selected bands will be notified of confirmation of their participation and their performance order.

- A short history of the band and a biography of the conductor (maximum 1,000 characters each), in electronic form (MS Word for PC).
- 3 original conductor's scores for the works to be performed in the Competition.

Once production of the programmes has begun, no further changes will be accepted; any failure to publish the information will therefore be the sole responsibility of the association that missed the deadline. A band wishing to change any freely chosen work must seek authorisation from the Organising Committee and notify it in writing before 29 January 2027. The required documentation may be sent by email to info@certamen.cat, without prejudice to the Organising Committee's right to require physical delivery of original scores.

20. The musicians taking part in each band will be checked by a Verification Committee consisting of members of the Organising Committee. Checks will be based on the rosters submitted by the bands at registration. Final rosters of musicians taking part in the Competition must be submitted to the Organising Committee before 15 March 2027. A maximum of 6 changes to the initial roster will be permitted. Any replacement or addition of a musician counts as a change, but a departure without replacement does not. In all cases, the final roster must comply with the limit of 6 musicians from outside the band established in Rule 12 and with the general band-size limits. No changes will be permitted after that date.

21. The Competition jury will consist of three members selected from highly respected professionals associated with wind bands, from Spain and other countries. The Organising Committee will appoint one of these three members as chair.

Under the Competition scoring system, only 2 prizes will be awarded, to the 2 bands achieving the highest scores. These two bands will receive the following prizes:

- First prize: €1,000, a trophy, a certificate and €500 worth of scores provided by the publisher Tot per l'Aire.
- Second prize: a trophy and a certificate.

In the event of a tie for the highest score and first prize, the bands concerned will share the cash prize equally.

The jury reserves the right to withhold either prize if it considers that none of the participating bands has achieved the standard required for that award.

22. Participating bands will receive the following financial assistance from the Organising Committee, calculated according to the shortest road route between the band's town of origin and la Sénia:

- Up to and including 400 km: €2,500.
- Over 400 km and up to and including 600 km: €5,000.
- Over 600 km: €7,000.

23. Performances and activities connected with the Competition may be photographed and recorded in audio and audiovisual formats by the Organising Committee or third parties expressly authorised by it. Such materials may be used for informational, cultural, promotional and historical documentation purposes relating to the Competition, including reproduction and distribution on the official website, social media, in the media, in publications and through other communication channels of the Organising Committee. Selected bands must inform their members of these uses and arrange the individual authorisations legally required to capture and use their images and to record and distribute their performances, including authorisations from legal representatives where applicable. Before 15 March 2027, selected bands must submit to the Organising Committee a declaration confirming the authorisations obtained and any restrictions or refusals. The Organising Committee will provide selected bands with the necessary document templates for this process. Where authorised changes to the roster are made, the relevant documentation must be updated before the performance. Intellectual property rights in the musical works performed must be respected in all cases and will be handled separately by the Organising Committee with the relevant rights holders or organisations. The recording, reproduction and distribution of performances will be subject to obtaining any licences or authorisations required by law. Use of authorised materials for the stated purposes will not give rise to any additional payment by the Organising Committee, without prejudice to any rights or remuneration legally due to their holders. Participants' personal data and identifiable images will be processed in accordance with applicable data protection law, and the relevant information will be provided to the individuals concerned.

24. Failure to meet any of the documentation submission deadlines will result in forfeiture of the band's place in the Competition. The place will be offered to a band on the reserve list in the order established by the draw.

25. Participation in this Competition constitutes express acceptance of these rules and of the decisions taken by the Organising Committee in implementing, conducting and interpreting them, including on matters not expressly covered. The societies or entities to which participating bands belong expressly waive any entitlement to have disputes heard in their usual forum and, pursuant to Article 55 of the Spanish Civil Procedure Act, submit to the territorial jurisdiction of the Courts and Tribunals of Amposta and their immediately superior courts for the resolution of any dispute arising from these rules, the call for entries or the holding of the 19th Vila de la Sénia International Wind Band Competition.
